Prices

Prices given in this document are **exclusive** of Value Added Tax. V.A.T. will be charged at the rate in force on the day of the course or on the date of invoicing, as appropriate.

General Overview

SJ Research has always provided training related to its own products which has proved a popular resource for both new and experienced system managers. With changes to the LEA structures over the past few years the range of courses has now been extended to address a wider range of networking issues

Venue

Courses are normally held in our training rooms at SJ Research in Cambridge. It is possible to arrange on site training for groups.

Time

10.00 – 4.30

Catering

Each course includes a free buffet (working!) lunch.

Schedule of courses

Where appropriate we have tried to schedule courses together so that you can in effect come on a two day course.

Places available

We feel strongly that courses should contain hands-on work. For this reason the number of places on courses is strictly limited.

Booking courses

Please telephone and ask for the Training Course Administrator.

Discounts

SJ Research offers various discount and/or free places on courses. Please check your entitlement.

MDFS System manager

1 day £100

Applicability

This course is designed for anyone who has just purchased or taken over management of an MDFS system. No previous experience is required.

Places

Limit of 10 places.

Content

- ☐ Econet overview
- ☐ Adding users
- ☐ Adding software
- ☐ Password management
- ☐ Printer management
- ☐ Directory management
- ☐ System backup

Discounts

Two free places free with purchase of MDFS

25% discount if you have a Maintenance Contract or 50% discount if you have a System Support Contract

Dates

Wed 7th October 1992	(followed by "Network beginners" on 8th October)
Tues 9th February 1993	(followed by "Network beginners" on 10th February)
Tues 30th March 1993	
Tues 27th July 1993	(followed by "Nexus networking" on 28th July)
Tues 16th November 1993	(followed by "Network beginners" on 17th November)

Nexus Networking

1 day £100

Applicability

This course is designed for anyone who is using Nexus networking software either on its own or in conjunction with Acorn Universal Networking software.

Places

Limit of 10 places.

Content

- ☐ Nexus network topologies
- ☐ The Nexus Boot sequence
- ☐ The Nexus Printer Sharer software
- ☐ Virtual Econet
- ☐ Bridge Econet to Nexus

Discounts

25% discount if you have a Maintenance Contract or 50% discount if you have a System Support Contract

Dates

Tues 23rd February 1993	<i>(followed by "Networking advanced" on 24th February)</i>
Tues 23rd March 1993	<i>(followed by "Networking beginners" on 24th March)</i>
Tues 11th May 1993	<i>(followed by "Networking beginners" on 12th May)</i>
Wed 28th July 1993	<i>(followed by "Networking advanced" on 29th July)</i>
Tues 12th October 1993	<i>(followed by "Networking advanced" on 13th October)</i>
Wed 15th December 1993	<i>(followed by "Networking beginners" on 16th December)</i>

Archimedes Networking Advanced

1 day £150

Applicability

This course is designed for system managers who are familiar with Econet networks but wish to learn how add more advanced network facilities and how to integrate other networking technologies.

Places

Limit of 6 places.

Content

The content is flexible and will to a large extent reflect the specific interests of the people attending.

Topics may include:

- ☐ Acorn Universal Networking: Econet, Nexus & Ethernet
- ☐ TCP/IP
- ☐ Writing Archimedes network software
- ☐ SQL
- ☐ Nimbus/PC/Archimedes connectivity
- ☐ PC emulation
- ☐ CR-ROM/Acorn Replay

Discounts

25% discount if you have a Maintenance Contract or 50% discount if you have a System Support Contract

Dates

Thurs 12th November 1992	
Wed 24th February 1993	<i>(preceded by "Nexus networking" on 23rd February)</i>
Thurs 29th July 1993	<i>(preceded by "Nexus networking" on 28th July)</i>
Wed 13th October 1993	<i>(preceded by "Nexus networking" on 12th October)</i>

Archimedes Networking Beginners

1 day £100

Applicability

This course is designed to cover the many issues of networking RISC-OS computers. No previous experience of networks is required but it will be assumed that you are familiar with Archimedes computers and know how to use the Desktop and multitasking applications.

Places

Limit of 10 places.

Content

Addresses many issues of networking Archimedes to Econet style File Servers

- ☐ Boot sequences
- ☐ Broadcast Loader
- ☐ !System and !Fonts management
- ☐ Print serving
- ☐ Backup strategies
- ☐ Menu systems
- ☐ Level 4

Discounts

25% discount if you have a Maintenance Contract or 50% discount if you have a System Support Contract

Dates

Thurs 8th October 1992	<i>(preceded by "MDFS managers" on 7th October)</i>
Wed 10th February 1993	<i>(preceded by "MDFS managers" on 9th February)</i>
Wed 24th March 1993	<i>(preceded by "Nexus networking" on 23rd March)</i>
Wed 12th May 1993	<i>(preceded by "Nexus networking" on 11th May)</i>
Wed 17th November 1993	<i>(preceded by "MDFS managers" on 16th November)</i>
Thursday 16th December 1993	<i>(preceded by "Nexus networking" on 15th December)</i>
